

DAFTAR RIWAYAT HIDUP

PROFIL

NAMA	:	Dr.Ir. Nur Edy Suminarti, MS.
NIP / NIDN	:	195805211986012001 / 0021055809
EMAIL	:	nuredy.fp@ub.ac.id
MK YANG DIAMPU	:	1. Klimatologi 2. Analisis Pertumbuhan Tanaman 3. Pola Tanaman 4. Manajemen Agroekosistem 5. Dasar Budidaya Tanaman

RIWAYAT PENDIDIKAN

1977 - 1983	S1	Universitas Brawijaya
1991 - 1994	S2	Universitas Brawijaya
2007 - 2011	S3	Universitas Brawijaya

PUBLIKASI

JURNAL	THN	ARTIKEL
Jurnal Tri Dharma Mandiri	2021	Pendampingan Pengelolaan Kebun Jatikerto Dalam Rangka Mempersiapkan Perubahan Musim
NVEO-NATURAL VOLATILES & ESSENTIAL OILS Journal	2021	The Effect Of Nitrogen Source And Dosage On Growth, Result And Quality Of Red Beetroot (Beta Vulgaris L.)
Agro Bali: Agricultural Journal	2021	Pengaruh pemberian pupuk kalium terhadap kualitas dua varietas ubi jalar (Ipomoea batatas L.)
Asian Journal of Plant Science	2021	Effect of Size and Thickness of Mulch on Soil Temperature, Soil Humidity, Growth and Yield of Red Beetroot (Beta vulgaris L.) in Jatikerto Dry Land, Indonesia
Asian Journal Crop Science	2020	Effect of paranet shade on the four green bean in Jatikerto dry land Indonesia
Jurnal Budidaya Pertanian	2020	Teknik penggunaan ajir pada beberapa varietas ubi jalar (ipomoea batatas l.) di dataran tinggi Papua
International Journal of Environment, Agriculture, and Biotechnology (IJEAB)	2020	The combined effect of volume water supply and varieties on physiological aspects, growth, and yield of red beetroot (Beta vulgaris L.) in dryland Jatikerto, Indonesia
Asian Journal of Crop Science	2019	Effect of paranete shade on the four green bean in Jatikerto dry land Indonesia

JURNAL	THN	ARTIKEL
International Journal of Bioscience (IJB)	2018	Relationship between yield and growth of sweet potato (<i>Ipomoea batatas</i> L.) on biotic stress in Papua highland, Indonesia : Adaptation of varieties and sticks inclination angles
International Journal of Bioscience (IJB)	2018	Temperature control technology in broccoli plants through intercropping and crop <i>Crotalaria juncea</i> in the lowlands of Timor Island
Russian Journal of Agricultural and Socio-Economic Sciences (RJOAS)	2018	The influence of variety adaptation and stake inclination angle on the growth, result and conversion efficiency of sweet potato (<i>Ipomoea batatas</i> L.) in Baliem Valley, Papua Highland
Russian Journal of Agricultural and Socio-Economic Sciences (RJOAS)	2018	Effect of variety and stick inclination angle on the growth, yield and photosynthetic efficiency of sweet potato (<i>Ipomoea batatas</i> L.) in Papua Highland
Russian Journal of Agricultural and Socio-Economic Sciences (RJOAS)	2018	Effect of potassium application on growth and yield of sweet potato varieties (<i>Ipomoea batatas</i> L.)
Jurnal Lahan Sub-Optimal	2018	Pengaruh sumber dan dosisi bahan organik terhadap perubahan sifat kimia tanah, pertumbuhan dan hasil tanaman sorgum (<i>Sorgum bicolor</i> L. Moench) Var. KD 4 di lahan kering, Jatikerto
International Journal of Bioscience (IJB)	2017	The selection of varieties of broccoli (<i>Brassica oleracea</i>) Var. Botrytis L. Planted in the rainy and dry season at lowland, the island of Timor
Jurnal Biodjati	2017	Pengaruh defoliiasi dan posisi penanaman stek batang pada pertumbuhan dan hasil tanaman ubi jalar (<i>Ipomoea batatas</i> L.) Lam. Var. Sari
Jurnal Agro	2016	Pengaruh pemupukan dan frekuensi pemangkasan tajuk pada aspek agronomis dan hasil tanaman ubi jalar (<i>Ipomoea batatas</i> (L.) Lam.) Var. Kretek
International Journal of Agricultural Research (IJAR)	2016	Effect of fertilizer application and plant density on physiological aspect and yield of taro (<i>Colocasia esculenta</i> (L.) Schott Var. Antiquorum).Int.J. Agric. Res., 11 (1):32-39, ISSN1816-4897 / DOI: 0.3923/ijar.2016.32.39
